

MAXIMAPHILY OF SAUDI ARABIA

By: Yusuf Aidroos

MAXIMAPHILY IS ONE OF THE BRANCHES OF PHILATELY; ITS OBJECT IS TO COLLECT POSTAGE STAMP AFFIXED ON POSTCARD COMPLYING WITH CERTAIN CRITERIA OF CONCORDANCE. JUSTIFIABLY ALSO CALLED "MAXIMUM CARD" BECAUSE OF ITS THREE POSTAL COMPONENTS:

THE POSTAGE STAMP — VALID FOR POSTAL USE AND BE WITHOUT DEFECTS.

THE POSTCARD — PREFERABLY COMMERCIALY PRINTED AND ITS ILLUSTRATION HAVE BEST POSSIBLE CONCORDANCE WITH SUBJECT OF STAMP.

THE POSTAL CANCELLATION OR POSTMARK — AUTHENTIC, LEGIBLE AND DIRECT RELATION WITH SUBJECT OF STAMP OR POSTCARD.

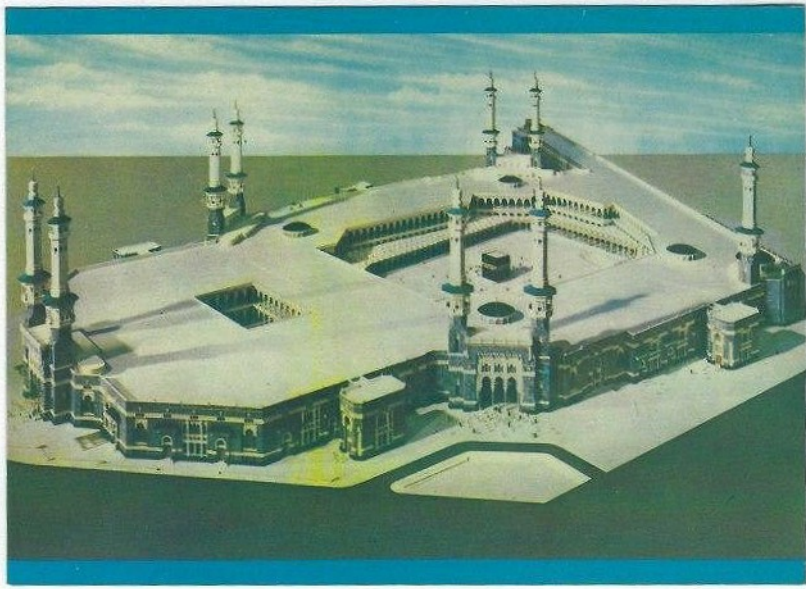

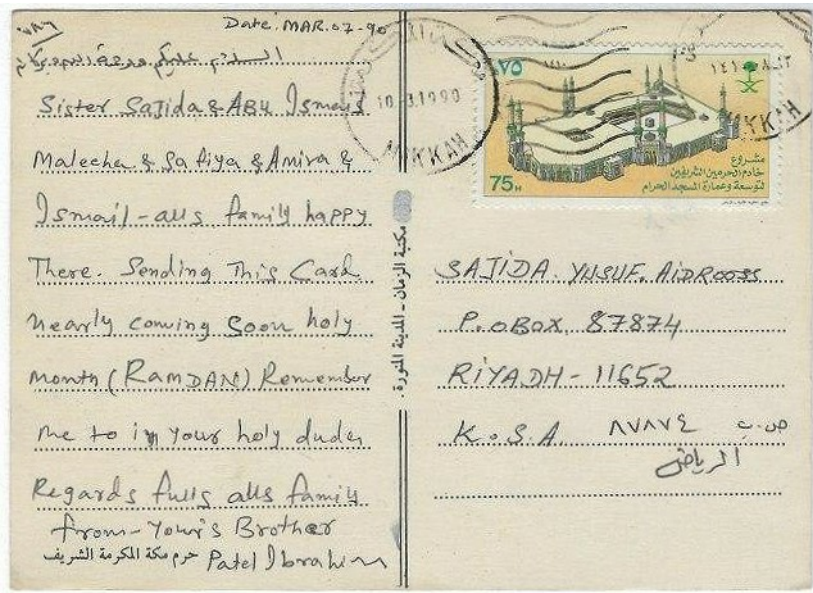

THE MAXIMUM CARDS DO NOT EXIST BY THEMSELVES AND OBVIOUSLY HAVE TO BE CREATED. THEY TOOK INTO EFFECT AROUND 1925. PRESENTLY, MAXIMAPHILISTS ARE SPREAD OVER SIXTEEN EUROPEAN COUNTRIES BELONGING TO F.I.P, INTERNATIONAL FEDERATION FOR PHILATELY. MAXIMAPHILY IS HIGHLY DEVELOPED IN COUNTRIES WHERE IT IS SUPPORTED AND DEFENDED BY THE FEDERATION CONCERNED.

IN THE KINGDOM OF SAUDI ARABIA, POSTCARDS ARE NOT A VERY POPULAR MEANS OF CORRESPONDENCE. FURTHERMORE, THE SOURCE OF ENCOURAGEMENT FOR A THRIVING POSTCARD BUSINESS IS CUT SHORT BY MINIMAL TOURIST ACTIVITIES. POSTCARDS ARE UNPOPULAR FOR VARIOUS OTHER REASONS, SUCH AS,

- a) VARIETY AND AVAILABILITY OF POSTCARD IS LIMITED.
- b) WRITING SPACE IS LIMITED AND POSTAGE COST IS ALMOST SAME AS ENVELOPES.
- c) MATTER IS EXPOSED, HENCE LOSING PRIVACY.
- d) REGISTRATION OF POSTCARDS IS NOT OFFERED.
- e) RECEIPT OF POSTCARDS IS SOMETIMES UNCERTAIN IN OTHER COUNTRIES AS THE AESTHETIC BEAUTY OF THE PICTURE LEADS TO PILFERING.

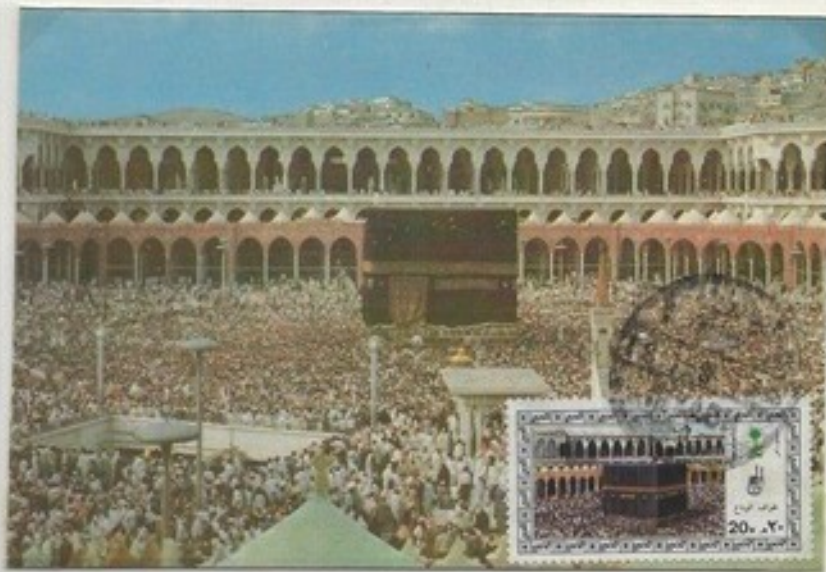

FAVORED CANCELS ARE NOT OBLIGED AND DUE TO THE INTRODUCTION OF FRANKING METER MACHINES IN THE POST OFFICES OF THE KINGDOM, HAND CANCELLATIONS HAVE DECREASED.

IN A VERY SHORT SPAN OF TIME, SAUDI ARABIA HAS ATTAINED HIGH INTERNATIONAL STANDARDS IN MANY FIELDS WHICH IS REFLECTED THROUGH THE POSTCARDS AND STAMPS DISPLAYED AND EMPHASISES KINGDOM'S DEVELOPMENT POLICIES, AND LINK WITH ISLAMIC FAITH.

SAUDI ARABIA, THE LOCATION WHERE THE TWO HOLIEST SHRINES OF ISLAM EXISTS AND WHERE YEARLY, PILGRIMS FROM EVERY PART OF THE WORLD COME TO PERFORM "HAJJ", THE PILGRIMAGE. SAUDI ARABIA, THE HOST COUNTRY, ISSUED 8 DIFFERENT TOPICS ON HAJJ FROM 1978 TO 1985 AND IN 1986 COMBINED ALL THESE TOGETHER WITH DIFFERENT DENOMINATION. HERE TWO DIFFERENT DESIGNS OF THE HOLY KABA STAMPS ARE TIED TO THE VIEW SIDES OF THE POSTCARDS MATCHING THE DESIGN OF STAMPS THEMSELVES AND POSTALLY CANCELLED.

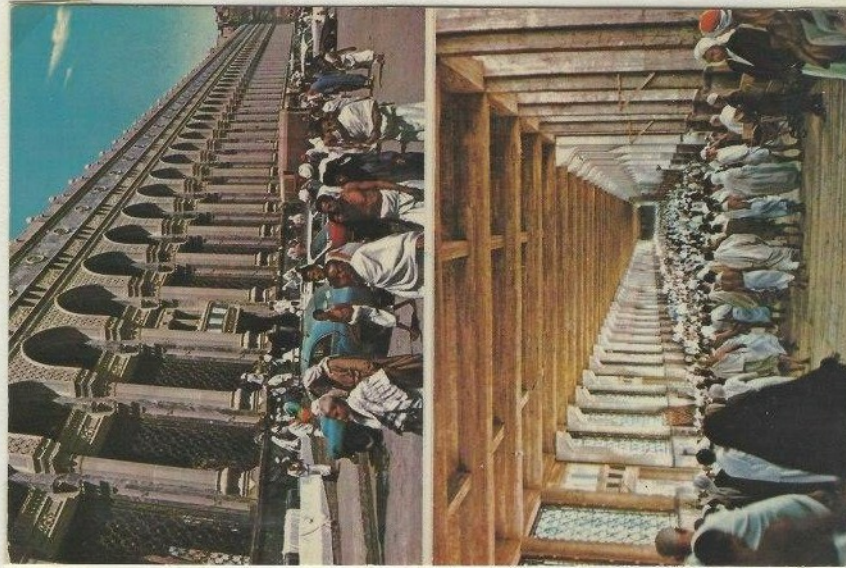

HOLY KABA'S GOLDEN DOOR STAMP CANCELED IN MECCA HAS THE DESCRIPTION ON THE POSTCARD ITSELF WHOSE PICTURE IS IDENTICAL WITH THE STAMP DESIGN.

 Dear Steve, Holding to his door of the Kaaba, the cubical building built by prophet Abraham 3000 years ago people pray & confess sins to God literally crying. They pray in total submission to him, which Islam is all about. I have been lucky to be one of those people.
 In the recent past, the door was redesigned by a Meccan architect worked in calligraphy. The verses taken from the Quran. It weighs 200 kilograms pure gold and costed 4 1/2 million dollars (US).
 The other enclosure at the night is a stone circle with 700 (approx) prophet Abraham's feet. See Jan later.

DOME of the Rock was
 constructed over a small rocky
 hill located in Jerusalem where
 Prophet Mohammed (PBUH) is said
 to have ascended to the heavens
 for a short time to be shown around.
 It is considered a place of
 significance in the Islamic faith.
 Since 1967, Jerusalem is
 under occupation of Israel, taken
 from Palestine/Jordan in the

The Kingdom of Saudi Arabia, known previously as a desert country, has developed up to world standards in almost all fields in extremely short span of time. Most modern facilities are provided in all buildings including the newly completed King Khalid Intl Airport in Riyadh. It is considered as one of the most beautiful, functional and high quality Airports in the world.

For this turnkey project, S.A. Bechtel Corp. of USA were the consultants and Hanjoo Kim Up of Korea, the main contractors.

Regards,
Mune.

King Khalid Intl Airport, located about 45 Km from the main city of Riyadh was opened in 1984. Attractive high standards than other buildings. Towers, linked together on Royal highway by distinguished agents and royal family of Saudi Arabia, with a Mosque in the center to accommodate 5000 worshippers at a time.

Main structure is of steel with precast brick hammerhead cone. According to large spanned columns. The steel beams are curved with slanted glass panels providing natural light inside. Flooring is of marble and high quality carpet with accessories in stainless steel and the suspended ceiling in combination of triangular plastic panels. 50 long, Mune.

Old and New Riyadh

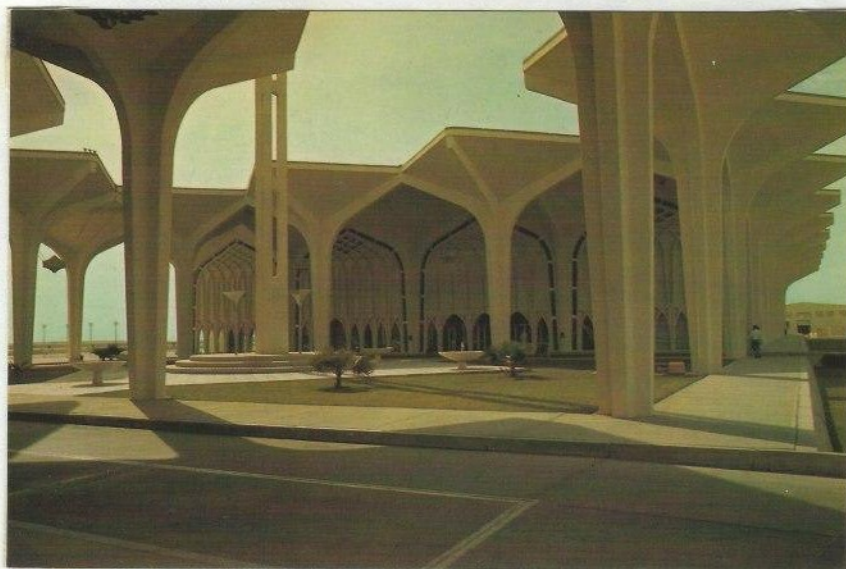

KSA IS ONE OF THE VERY FEW COUNTRIES IN THE WORLD THAT CAN CLAIM ACHIEVING HIGH STANDARDS IN A VERY SHORT SPAN OF TIME. THE SAUDI FAMILY WHICH HAILS FROM DIRIYAH MOVED ABOUT 25 KM & MADE QUA'DAH THE CAPITAL ABOUT FIFTY YEARS AGO. THE STAMP PICTURES NEWS OF OLD AND NEW RIYADH, WHILE THE OLD RIYADH IS SHOWN WITH TWO STOREY HIGH MUD HOUSES REINFORCED WITH DATE TREE LEAVES IN THE DESERT AREA, THE NEW ONE IS SHOWN WITH MODERN REINFORCED CONCRETE TALL BUILDINGS SURROUNDED BY GREENERY. PRESENTLY THE POPULATION OF RIYADH IS ABOUT A MILLION.

The stadiums are usually always occupied by national teams.

my dear Steve,
Soccer is the national pastime of Saudi Arabian people. One of the reasons for this popularity is that the results come out in an hour time compared to baseball (5 to 8 hours) Cricket (3 to 5 days!). The other reason is, it's healthier game and tuff and not too tuff (as American foot ball, ice hockey or rolling derby).
