overprinted for use in Transjordan

Transjordan postage due

We have the usual sort of overprint errors

Double

Double
'Shaky hand'

Double
One diagonal

Inverted

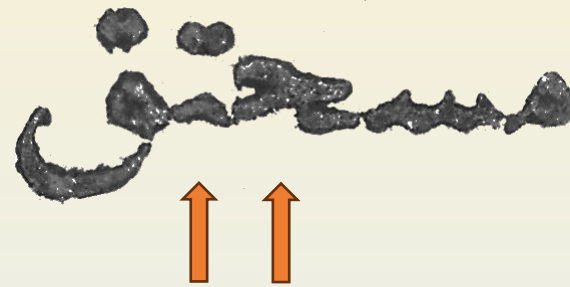

The 'shaky hand' varieties are usually associated with handstamps.
In this case it may be just careless handling of the plate.

Transjordan postage due

And an unusual error

Normal

ح and ث reversed

This error is stated to be in stamp 2 row 1
Source (Darlow, Ledger, Najjar, Souan, Stanley Gibbons)

Transjordan postage due

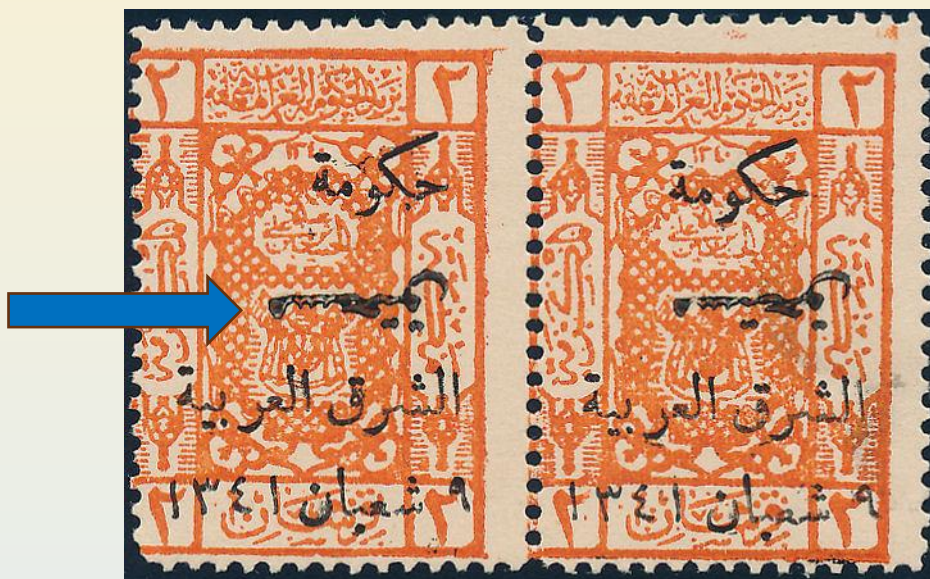

Characters transposed error

Stamp 2 row 1

Transjordan postage due

Characters transposed error, inverted

Stamp positions 35, 36

Stamp position 25

With the overprint error occurring at position 2 of the overprint plate, an inverted overprint should appear on stamp position 35. The appearance on stamp 25 is either due to a gross misplacement of the overprint plate or the error also occurred at position 12 of the overprint plate – a new discovery.

Transjordan postage due

Characters transposed error, inverted

Illustration of offset required to place position 2 overprint, inverted, on stamp position 25.
